

## River Kolpa Regional Park

### 3 days sample program for couples

#### Day 1

Arrival to **Metlika** (Hotel Bela krajina), where the group will meet the local guide. First we will learn how to make **belokranjska pogača**, a protected dish that is similar to bread. The dish was awarded the status of a protected designation of origin by the European Community in Brussels. This will be followed by **visit of Tri fare** (three gothic churches) and **lunch**. After this we will visit a good local winery, where we will have a wine degustation. Drive back to Metlika, where you will have some free time before dinner, to stroll around picturesque streets of old town. Dinner at the hotel and overnight.

#### Day 2

After breakfast, drive to small village Žuniči, where we will visit a typical Bela krajina farm house – **Šokčev dvor**. It is one of protected cultural monuments of the Kolpa Regional Park. The farmhouse has enclosed courtyard, a house, a shed, and a barn, all connected by a wall with an entrance door. In this renovated house, you can see the farm room, where old furniture, cradle, old farm clothes, and homemade linen have been put on display. The other room with an old baker's oven serves as a dining room, which is perfect for groups and all other visitors to take a seat and ponder away... The owner will also show us how to make the **belokranjska pisanica** (Eastern egg from Bela Krajina) and typical linen products. Our lunch will be in the nature today – Picnic style lunch on the banks of the river Kolpa. After looking at river Kolpa, now we will “ride it”. We will have a pleasant rafting experience and after that, you have the opportunity to take a swim. Some free time, then dinner in a restaurant and overnight at the hotel.

#### Day 3

After breakfast, we will visit the **spring of Krupa**, where the water springs from under a 60 m high and steep rock. The water flows together into a lake with an island in the middle, then it falls over the waterfall and at the end, it flows into the river Lahinja. Power of a spring and its biological meaning are ranging Krupa among the most beautiful and the most important Slovene karst springs. Then we will visit the private brewery and be convinced that the region does not only have good wines, but also beer. **Lunch**. After lunch we will take a walk through the old town of **Črnomelj** (largest town in Bela krajina) and have a visit of City museum collection. Farewell.
