3 days sample program for couples

Day 1

Arrival in **Feldbach** and check-in at the hotel. Ambassadors of the region will welcome the group at the hotel and guide the guests with stories about the people of the region **steirisches Vulkanland**. Typical **styrian lunch** at the Bauernstadl. A short walk to the **Tabor Museum**, the former defense system, which surrounds the parish church of Feldbach on three sides. The **guided tour** will provide insights into folklore, natural history, geography, crafts, history, archeology, geology and volcanism, as well as the culture of Southeast Styria and Feldbach. Later on we will enjoy in old town, where you can find fine shops in original renovated little houses. With the wine expert Sissi, you will **taste the typical wines** of the regional volcano soil in their wine bar and learn charming and funny stories. It remains a bit time to explore the city with its special flair and small shops on your own. **Dinner** at the fine Italian restaurant "Lo Scoglio" directly at the river Raab in walking distance to the hotel. Overnight.

Day 2

Strengthened by the extensive breakfast we will take a short bus trip for a **hike along the quarry Gossendorf**. Volcanoes formed the landscape 20 million years ago and gave it the appearance and the basis for the diversity and richness of nature. Hiking is a sensitization for these treasures. Once you arrive at the quarry, you will be guided by a meditative connection to the volcanic landscape. After this experience, we will have **lunch** in typical Styrian Gasthaus Kulmberghof. At the next skittles in the nearby Loambudl (old regional **bowling alley**) you can prove your skill. Fun and good entertainment are guaranteed. After a short drive, we will take a look at the **Loderer art foundry** and participate in a casting process. Here, unique sculptures of different kinds are produced. The steps from the model to the finished sculpture are brought to the attention of the amateur as well as the professional sculptor. **Dinner** at the hotel. Overnight.

Day 3

After a hearty breakfast, you will visit **Castle Kornberg**. Consul Mag. Andreas Graf von Bardeau offers exclusive insights into the private rooms of Kornberg Castle. There are historical backgrounds of the family, as well as amusing anecdotes. Count Bardeau takes you personally through the castle and thus provides an exciting and unforgettable insight into the last centuries. **At Vulcano Ursprung**, you will experience the world of hunting as a realm of the senses. During the tour, you will hear about the persistent path of Vulcano, which has been producing delicious air-dried raw ham - one of the best in Europe - for around 15 years. We will also enjoy high-quality raw ham. Afterwards we will visit the **Obsthof Stangl**, where Michaela Stangl gives a glimpse into the art of schnapps burning.
